

IASS Annual Symposium 2025 - Mexico City

27 - 31 October 2025

Workshops - 26 October 2025

IASS 2025 Call for Workshops

Distribute by February 2025

Conference organized by the International Association for Shell and Spatial Structures (IASS) and *Universidad Nacional Autónoma de México* (UNAM) · Faculty of Architecture

The IASS 2025 Symposium Chairs look forward to receiving proposals for workshops that address the symposium theme of “The living past as a source of innovation”. Workshops will be held in person at the *Palacio de Minería*, downtown Mexico City on Sunday, October 26th, 2025. It may be proposed that they take place over a full day divided into two blocks, morning and afternoon, or half a day in one block, in the afternoon. Fees collected for workshops will be used to cover material costs and catering for the workshop day, there will be no compensation for tutor costs or expenses. Participants are expected to be mostly students, and as such, our goal is to keep workshops affordable and all associated costs to a minimum.

Submission Requirements: Workshop proposals shall be submitted as a single-page PDF, including the following information headings:

- **Title:** Name given to the workshop
- **Topic:** Describing the principal topic, relevance, teaching intent, method, and any prerequisites or preparation material required
- **Tutors:** List participating tutors teaching the workshop with name and institutional/professional affiliation
- **Duration:** Indicate if the proposed workshop is to be a full day or half day (4 - 8 hours)

IASS Annual Symposium 2025 - Mexico City

27 - 31 October 2025

Workshops - 26 October 2025

- **Audience:** Identify who is the anticipated audience (students, researchers, professionals, all, other...)
- **Group Size:** How many expected participants (min-max)
- **Resources:** All workshops will be provided with a room and HDMI connection for projector or display. Please list any additional technical or material requirements
- **Image:** Include ONE image that represents the topic and workshop

Submission Instructions: Please compile the above information clearly as a single-page PDF.

Please use the following naming conventions for your file:

LASTNAME_WORKSHOPNAME.PDF

Submission Deadline Extended: **March 24, 2025**

Submit by email to: info.iass2025@unam.mx

The Symposium chairs will review the workshop submissions for relevance to the symposium, clarity of concept, and costs. Selected workshops will be invited to confirm participation at the end of March. Workshop descriptions will be posted in April, and registration will be opened in May to concur with the symposium registration.
